---

- Data Structures
- Database Management
- Operating Systems
- Software Engineering
- Algorithms Analysis
- Computer Architecture
- Computer Networks
- Web Development

## Technical Skills

---

**Technical Skills:** DSA, React, Redux, NodeJs, Express, Bootstrap, Wordpress

**Programming Languages:** C/C++, Java, JavaScript

**Databases:** MongoDB , SQL, Firebase Realtime Database

## Projects

---

### Food Ordering App | *React , Firebase Realtime Database*

- A React-based web application that allows users to order meals online. The app integrates Firebase Realtime Database. The meal data is fetched from the Firebase Realtime Database. When a user decides to place an order, the app securely stores the order details in the Firebase Realtime Database.

### Book MyShow Clone | *MERN Stack*

- Engaged in the development of a BookMyShow clone app project, utilizing the MERN stack, to create an innovative entertainment booking platform.

### Web Novel | *Wordpress*

- Developed and launched a comprehensive blogging website on WordPress, which has been live and operational for the past two years.

### Portfolio website | *React*

- I maintain a comprehensive portfolio website featuring a diverse collection of my projects, demonstrating my expertise and dedication.

## INTERNSHIP

---

### MixORG Consulting Services

*-worked as junior developer*

Sept. 2021 - Oct. 2021

## Leadership / Extracurricular

---

- Led the 'Tech RoocHi' event series, overseeing engaging discussions on industry trends and culture with industry experts, as proposed by **Society of Computer Applications**.
- Led a successful webinar on **Prompt Engineering** with the participation of over 140 attendees. The event was organized by the **Entrepreneurship Cell, NIT JSR** and featured a distinguished guest speaker from Russia.
- Empowered the **E-CELL Bootcamp** event by taking on the role of a skilled web developer. Successfully crafted and managed event websites within the college's E Cell.

## ACHIEVEMENTS

---

- **Codeforces** : 225+ Questions with a Max Contest Rating of 908\*
- **LeetCode** : 200+ questions solved, showcasing strong problem-solving skills and algorithmic proficiency.
